Green Coast Homes Selects Clive Daniel Home for Punta Gorda Model Interiors

Naples, FL – August 2016 / Newsmaker Alert / [Clive Daniel Home](#), the award-winning home furnishings retailer, has been chosen to provide total interior design for the [Green Coast Homes](#) Andora model at 618 Monaco Drive, located in the Burnt Store Isles community of Punta Gorda, Florida. Completion of the waterfront home is expected in January, when it will be available for sale at \$749,000 totally furnished.

Clive Daniel Home interior designers Wilfredo Emanuel and Keve Butterfield are the lead designers for the new Green Coast Homes model.

For more than 12 years, Green Coast Homes (www.greencoastfl.com) has been building and renovating homes throughout Southwest Florida, to include the barrier islands. With offices in Punta Gorda and Naples, the company specializes in incorporating sustainable building practices with superior craftsmanship. Headed by partners Brian Sujevich and Carlton Hughes, they also provide Design/Build and Construction Management project delivery methods.

Added Brian Sujevich, "This 2,500-square-foot home has been designed with boating and entertaining in mind. The dock and lift is onsite with the 80-foot concrete seawall maintained by the City of Punta Gorda. The open concept floor plan includes three bedrooms, three

baths, a study and a three-car garage. Guests will appreciate the privacy offered by a split guest wing with en-suite.”

Commented interior designer Emanuel, “Furnishings have clean lines, tailored to enhance the home’s relaxing coastal feel with fresh white and natural linens and cotton fabrics. Comfortable and inviting, the color palette will feature aqua and turquoise tones, inspired by the waterfront views.”

“This home is ideal for families who love entertaining,” says interior designer Butterfield. “The welcoming lanai with its exquisite outdoor kitchen and bar area—complete with 34’ lap swimming pool with sun shelf and spa – were designed to bring pleasure to those who seek the best surroundings for enjoying Southwest Florida’s outdoor lifestyle.”

Burnt Store Isles (BSI) is a deed-restricted, waterfront community with Twin Isles Country Club (formerly Burnt Store Country Club) situated in the center of the community. “It’s rare to find a beautiful waterfront community where you can dock your boat behind your home and then walk across the street to the Country Club for a round of golf or just to socialize. There is no requirement to join the Club,” commented Carlton Hughes.

Burnt Store Isles is part of the older and larger community of Punta Gorda Isles – with about 2,500 homes – and includes approximately 1,000 canal-front and 400 golf-course homes and lots with boating access to Charlotte Harbor via Alligator Creek, a natural river. All waterfront properties are in the Canal Maintenance System, maintained by the City of Punta Gorda.

The 85,000-square-foot Clive Daniel Home (www.CliveDaniel.com) showroom is located on U.S. 41 in Naples. A second Clive Daniel Home is located in Boca Raton, Florida. Contact Daniel Lubner at 239-292-3717.
